

4 Your Stuff Storage

At 4 Your Stuff Storage the safety and security of our tenants and their belongings is essential to our business. Therefore, we have taken the time to design our facility to fit their needs. Our storage facility has 24 hour keypad access for your convenience. 24 hour security cameras are running and/or recording all movement. The lighting systems begin at dusk as you can see in the picture below.

## Route 66 Flea Market

The Historic Route 66 Flea Market is one of the newest flea markets to the area. We began with only 12,000 square foot storage facility and now have 42,000 square feet storage facility and a 12,000 square foot indoor building which is very nice. Our indoor building houses 6 store fronts and a Flea Market Cafe. The store-fronts are: Uncle Hump's Military Surplus, Hurley's and Company Wholesale Jewelry; Ma & Pa's Tool Shed; Rebecca's Gift Shop; Specialty Computers; and Ted's Hunting & Tackle Shop. We have something for everyone, so come out and see us.

## Vendor Information

We have many options available for flea market vending. You may rent space by the day or by the month. We are located at 4 Your Stuff Storage which is a storage facility, but has a 12,000 square foot building for the indoor flea market which is heated and air-conditioned with 24 hour security cameras. Inside this building, you have the option to sell yourself, or on consignment. 95% of our storage sheds are rented for vending.

**Our Commitment:** At the Historic Route 66 Flea Market, we strive to be more than just a flea market. We are dedicated to helping the community. Our flea market is now hosting benefits to raise money for several different charities. We also allow any organizations to come and set up their own booths at no cost to help raise money for themselves. If you would like to have a benefit here, please contact our office at (618) 797-7900.
